ABOUT LEGG & WESSEL

Superior Quality Safety Products

At Legg & Wessel, we believe in the advantages of using quality workplace safety (PPE) products.

Global and local standards for PPE in the workplace are at an all-time high, and with employee lives at stake, it is important to ensure the use of “fit for purpose” solutions at all times.

The advantages of this philosophy include:

- Reduced workplace injury by using the correct product for the job
- Improved compliance due to comfort in use
- Cost savings due to superior performance of quality products

Legg & Wessel supplies a wide range of PPE products in South Africa and beyond.

Quality at affordable prices remains a priority and as a result we are proud to supply globally recognised workplace safety product brands such as 3M, Honeywell, Howard Leight, Granberg, Peltor and Scott Safety.

We trust you will use this catalogue as a practical tool to Enable your Performance.

Protective Eyewear

3M

Virtua Safety Specs | Clear & Dark

SKU: SPNVIRT0

Description: Lightweight, unisex Virtua protective eyewear combines versatility and value with high wrap-around coverage, polycarbonate construction and a hard coat, scratch-resistant lens for a comfortable, contoured fit. Economy-rated glasses merge style, fit, lightweight comfort, and affordability. Lightweight design weighs less than 28g for comfort. Wrap-around design provides extended eye protection and unobstructed viewing. Unisex styling fits a variety of facial profiles. Polycarbonate lenses absorb 99.9% UVA and UVB.

Sold Per: 1 pair

Economy

Overspecs

SKU: SPEC00VER

Description: A universal fit wrap-around overspec with full side and brow protection. Lens is 100% polycarbonate optically correct. Withstands an impact from a 6.5mm steel ball travelling at a speed of 162 km per hour (45 meters per second). The frame has vented side arms.

Sold Per: 1 pair

Economy

Clear Safety Specs

SKU: SPECOSPECC

Description: 100% UV protection up to 280 mm. Lens is 2.2mm polycarbonate. Optically correct. Withstands an impact from a 6.5mm steel ball travelling at a speed of 162 km per hour (45 meters per second). The frame has universal fit temples. Applications: dust & impact.

Sold Per: 1 pair

Economy

Dark Safety Specs

SKU: SPECOSPECD

Description: 100% UV protection up to 280 mm. Lens is 2.2mm polycarbonate. Optically correct. Withstands an impact from a 6.5mm steel ball travelling at a speed of 162 km per hour (45 meters per second). The frame has universal fit temples. Applications: dust & impact.

Sold Per: 1 pair

Economy Safety Goggles

SKU: SPGOGGLES

Description: Designed for general lab and shop applications, these impact-resistant goggles can easily be worn with most half-mask respirators. The scratch-resistant, anti-fog polycarbonate lens offers 99.9% UV protection. The goggles also feature perforated sides.

Sold Per: 1 pair

Honeywell A700 Specs

SKU: SPH1015360

Description: Sporty styling provides a stylish fit for your everyday wearer. Lightweight design with sport temples and soft temple tip pads provides a secure, wrap-around fit and all-day comfort. Moulded universal nose bridge provides a comfortable fit. 8-base polycarbonate abrasion resistant lenses provide a 108° field of distortion-free vision. Complies with EN166 – EN170 – EN172. Available in Clear, TSR Grey, Blue Mirror and Amber lenses for both indoor and outdoor work applications. Optimal Fog-Ban minimizes lens fogging in extreme conditions. Provides 99.9% UV protection.

Sold Per: 1 pair

Honeywell A800 Specs

SKU: SPH1015369

Description: Slim profile provides an ideal fit for workers with smaller faces. Sporty styling provides a fashionable fit. Temples feature aggressive sports styling and soft, padded inserts with extra flex built in for more comfort. Soft nose-piece conforms to various nose bridge shapes for added comfort and a non-slip fit. 9-base polycarbonate abrasion resistant lenses provide a 108° field of distortion-free vision. Complies with EN166 – EN170 – EN172. Available in Clear, TSR Grey, and I/O Hard Coat for both indoor and outdoor work applications. Optimal Fog-Ban minimizes lens fogging in extreme conditions. Provides 99.9% UV protection.

Sold Per: 1 pair

Honeywell XC Series Specs

SKU: SPH1011027

Description: XC for X-tra Coverage, X-tra Comfort, X-tra Control. **X-tra Coverage:** Exceptional lens 9 base-curved high coverage lens. **X-tra Control & Adjustability:** Adjustable temples & lenses with flexible nosepiece Extra flexible frame easily replaceable lenses: they can be changed easily without replacing the entire frame for a longer product life and cost savings. **X-tra Comfort:** Multi-Material Technology – MMT Ultra-soft two-shot material on any part of the frame in contact with the face or head (brow, nose bridge, and temples).

Sold Per: 1 pair

Honeywell Op-tema Specs

SKU: SPH1004949

Description: Affordably priced protection for maximum value. Lightweight full view lens. Built-in moulded brow bar. Soft, adjustable nosepiece. Adjustable temple length and lens angle. Abrasion resistant polycarbonate lens. Adjustable, breakaway Flexicord retainer.

Sold Per: 1 pair

Honeywell V-Maxx Goggles

SKU: SPH1006193

Description: A sporty style for increased wearer acceptance. 180° field of vision for distortion free peripheral vision. Rotating strap attachments. Passes impact grade B for medium energy and also meets certification for molten metal. Elastic Headband. Special concept of indirect ventilation.

Sold Per: 1 pair

Honeywell Duramaxx Goggles

SKU: SPH1017751

Description: Ideal for protection against impact, dust, airborne particles, chemical splash and optical radiation (UV and welding / heat radiation). Wrap-around lens offers a wide panoramic field of vision. Modern ergonomic design for protection against chemical splash and impact from projections. The lens provides superior optical quality and peripheral vision. Soft elastomer body flexes and conforms to the face for a secure, comfortable, gap free-fit. Pivoting quick-adjust headband provides easy adjustment for a comfortable fit. The goggles can be used comfortably with most prescription glasses. May be worn comfortably with half-mask respirators. Low profile design and toric lens for a large panoramic field of vision.

Sold Per: 1 pair

Honeywell SP1000 2G Series

SKU: SPH1028640

Description: Provides protection against impact, wind, dust and airborne debris. Ideal for dirty, high-particulate work environments such as grinding, chipping, shaving and sanding. Soft and flexible nose piece. Soft, high-quality face cushioning and padded temple tips. Coming by default with a wide headband. High performance Honeywell lens coating making the spectacle K & N on both sides of the lenses. Conforms to a variety of facial profiles and minimises slippage. Offers all-day comfort. Superior comfort & stability of the spectacle on the head. Excellent anti-fog, anti-static and scratch-resistant properties.

Sold Per: 1 pair

Honeywell Millennia Welding Specs

SKU: SPH1006406

Description: Classic and simple in appearance but highly sophisticated in design. Balance and lightness of frame. Adjustable, breakaway Flexicord retainer. Unique 9 base curved lens design. A balanced fit and a greater visual comfort. A virtually weightless feel. Added security and convenience in the active work environment. Excellent optical qualities and complete protection.

Sold Per: 1 pair

Honeywell Bionic Faceshield

SKU: SPH1011933

Description: Superior quality panoramic visor, for maximum visibility. Easy to replace visors available in a range of materials, shades and finishes. Compatible with most spectacles, goggles and respirator masks. 100% dielectric. Excellent optics for increased visibility. 2784 possible combinations. Click-lock mechanism for precise headgear adjustment. Multi-position visor and ratchet locking system. Breathable, removable, washable headband. Comfortable cell foam on back of headgear.

Sold Per: 1 unit

Honeywell Supervizor Clear Visor

SKU: SPH1002312

Description: A robust, heavy-duty, helmet mounted face shield with hearing protection compatibility. Compatible with a wide range of helmet designs (size, shape and geometry). Visor fixing method is secure and allows easy visor replacement. Full face protection: optional chainguard versions available for added protection. Creased visor eliminates gaps and visor profile follows contours of the face. Visor selection can be tailored to the specific hazard/application: mechanical, chemical, heat etc. Those items are compatible with the complete range of helmet mounted earmuffs including Bilsom communication earmuffs.

Sold Per: 1 unit

3M
#2800 Clear Overspectacles

SKU: SP2800

Description: 3M Overspectacles feature an inclinable lens and adjustable temple length. Will fit over most users prescription glasses with minimal interference. Strong polycarbonate lens with anti-scratch coating for durability. They offer an excellent coverage and field of vision, combined with a high level of protection against impacts. Adjustable 4 temple lengths for optimal comfort and fit. Inclinable lens for easy adjustment and maximum comfort. Soft low profile temples for comfort.

Sold Per: 1 pair

3M
#2890 Anti-Scratch/Anti-Fog Clear

SKU: SP2890

Description: With a modern slim design, the 3M 2890 Safety Goggles combine performance, comfort and style while providing the wearer with an excellent field of vision. Indirect Ventilation for improved circulation, comfort and reduced fogging in hot/humid conditions. Polycarbonate lens. Increased durability with an extremely scratch resistant coating. Special anti-fog coating reduces fogging and ensures clearer vision.

Sold Per: 1 pair

3M
Maxim Hybrid Anti-Scratch/Anti-Fog

SKU: SPMAXGOGGLES

Description: The 3M Maxim™ Hybrid Goggle is a very lightweight low profile form of eyewear protection that provides high comfort and unsurpassed protection against liquid droplets and mechanical hazards. The high performance ventilation system overcomes fogging problems while keeping liquids and dust out of the goggle. The comfortable nylon head strap is adjustable thanks to a pivoting clip system that is easy to operate and provides a secure fit.

Sold Per: 1 pair

3M
#201 | #202 | #203 Secure Fit

SKU: SP201S

Description: The Secure Fit spectacles have an anti-fog lens. It is light weight and stylish. Self-adjusts to fit a wide array of head sizes. Lens absorbs 99% ultraviolet lights. Available in PC clear lens, PC grey lens & PC amber lens.

Sold Per: 1 pair

3M
#401 SecureFit

SKU: SP401

Description: 3M™ SecureFit™ 400 Series safety spectacles are comprised of a rimless lens and fixed-length temple arm. An integrated side-shield is also included for added protection. Temples also feature 3M™ Pressure Diffusion Temple Technology which helps diffuse pressure over the ear to enhance frame comfort across a diverse workforce. This innovative design promotes improved comfort and security of fit. A clear polycarbonate lenses absorb 99.9% UVA and UVB down to 280 nm and meet the requirements of CSA Z94.3 and ANSI Z87.1-2015.

Sold Per: 1 pair

3M
#402 SecureFit

SKU: SP402

Description: 3M™ SecureFit™ 400 Series safety spectacles are comprised of a rimless lens and fixed-length temple arm. An integrated side-shield is also included for added protection. Temples also feature 3M™ Pressure Diffusion Temple Technology which helps diffuse pressure over the ear to enhance frame comfort across a diverse workforce. This innovative design promotes improved comfort and security of fit. A grey polycarbonate lenses absorb 99.9% UVA and UVB down to 280 nm and meet the requirements of CSA Z94.3 and ANSI Z87.1-2015.

Sold Per: 1 pair

3M
#403 SecureFit

SKU: SP403

Description: 3M™ SecureFit™ 400 Safety Glasses SF403SGAF YEL EU, Yellow/Black Frame, Scotchgard™ Anti Fog, Amber Lens, comprise of a rimless lens and wide flexible temple arms for solid side protection and popular to be used in combination with ear defenders. Temples also feature 3M™ Pressure Diffusion Temple Technology (PDT) which allows the safety spectacle temples to naturally adjust to individual's head sizes giving wearers a secure and comfortable fit. Reduces slippage from head movements. Soft, adjustable nose pads for even greater personalisation of fit. 3M™ Scotchgard™ Anti Fog Coating resists fogging longer than traditional anti fog coatings, even after washing multiple times.

Sold Per: 1 pair

3M
#408 SecureFit Blue Mirror Lens

SKU: SP408

Description: 3M™ SecureFit™ 400 Safety Glasses SF408AS EU, Black/Green Frame, Anti Scratch, Blue Mirror Lens, comprise of a rimless lens and wide flexible temple arms for solid side protection and popular to be used in combination with Ear Muffs. Temples also feature 3M™ Pressure Diffusion Temple Technology (PDT) which allows the safety spectacle temples to naturally adjust to individual's head sizes giving wearers a secure and comfortable fit. Reduces slippage from head movements. Soft, adjustable nose pads for even greater personalisation of fit.

Sold Per: 1 pair

3M

#410 SecureFit Indoor / Outdoor Mirror Lens

SKU: SP410

Description: 3M™ SecureFit™ 400 Series safety spectacles are comprised of a rimless lens and fixed-length temple arm. An integrated side-shield is also included for added protection. Temples also feature 3M™ Pressure Diffusion Temple Technology which helps diffuse pressure over the ear to enhance frame comfort across a diverse workforce. This innovative design promotes improved comfort and security of fit. The indoor / outdoor mirror polycarbonate lenses absorb 99.9% UVA and UVB down to 280 nm and meet the requirements of CSA Z94.3 and ANSI Z87.1-2015.

Sold Per: 1 pair

3M

#601 SecureFit

SKU: SP601

Description: The stylish design features the proprietary 3M™ Pressure Diffusion Temple Technology – a scientific advancement that helps diffuse pressure over the ear and enhances temple comfort while not compromising the security of fit across diverse workforces, and has a soft nosepiece to help reduce slippage. Clear Scotchgard(tm) Anti-fog lens coating helps workers see clearly, longer. Polycarbonate lens absorbs 99.9% UVA & UVB.

Sold Per: 1 pair

3M

#602 SecureFit

SKU: SP602

Description: The stylish design features the proprietary 3M™ Pressure Diffusion Temple Technology – a scientific advancement that helps diffuse pressure over the ear and enhances temple comfort while not compromising the security of fit across diverse workforces, and has a soft nosepiece to help reduce slippage. Grey Scotchgard(tm) Anti-fog lens coating helps workers see clearly, longer. Polycarbonate lens absorbs 99.9% UVA & UVB.

Sold Per: 1 pair

3M #603 SecureFit

SKU: SP603

Description: The stylish design features the proprietary 3M™ Pressure Diffusion Temple Technology – a scientific advancement that helps diffuse pressure over the ear and enhances temple comfort while not compromising the security of fit across diverse workforces, and has a soft nosepiece to help reduce slippage. Amber Scotchgard(tm) Anti-fog lens coating helps workers see clearly, longer. Polycarbonate lens absorbs 99.9% UVA & UVB.

Sold Per: 1 pair

3M #630 SecureFit Shade 3.0

SKU: SP630

Description: Features proprietary 3M™ Pressure Diffusion Temple Technology which helps diffuse pressure over the ear for a secure, comfortable fit. Anti-Scratch coating Predominantly used with other PPE for cutting, brazing and soldering, metal making, furnace work and open flame applications. Meets the requirements of ANSI Z87.1-2015 Standard as an Impact Rated spectacle. Shade W3.0 lens reduces ultraviolet, visible and infrared radiation reaching the eye. anti-scratch coated polycarbonate lens absorbs 99.9% UVA & UVB.

Sold Per: 1 pair

3M #650 SecureFit Shade 5.0

SKU: SP650

Description: Features proprietary 3M™ Pressure Diffusion Temple Technology which helps diffuse pressure over the ear for a secure, comfortable fit. Anti-Scratch coating Predominantly used with other PPE for cutting, brazing and soldering, metal making, furnace work and open flame applications. Meets the requirements of ANSI Z87.1-2015 Standard as an Impact Rated spectacle. Shade W5.0 lens reduces ultraviolet, visible and infrared radiation reaching the eye. anti-scratch coated polycarbonate lens absorbs 99.9% UVA & UVB.

Sold Per: 1 pair

3M
#8810 FFP2 Unvalved

SKU: SP8810

Description: The 3M 8810 breathing mask has nose foam and a nose clip, a convex cup-shape design, along with twin strap design, to ensure comfortable wear over a range of face sizes. The collapse resistant shell offers durable, comfortable protection against fine particulates. Comfortable, lightweight off-the-face design. Blue colour coded straps. FFP2 protection level.

Sold Per: 1 box of 20 masks

3M
#8822 FFP2 Valved

SKU: SP8822

Description: Traditional cup shape, with nose clip and twin strap design. The convex shape, twin strap design, nose foam and nose clip ensure comfortable wear over a range of face sizes. 3M™ Cool Flow™ Valve: Effective removal of heat build up provides a cooler and more comfortable wear. Removes exhaled air and minimises the risk of misting eyewear. Reliable, effective protection against fine particles. Colour coded straps, blue = FFP2 (APF 10). The 3M™ Disposable Respirator 8822 provides lightweight, comfortable and effective protection against dust and mist.

Sold Per: 1 box of 10 masks

3M
#8835 FFP3 Valved

SKU: SP8835

Description: The 3M™ Disposable Respirator 8835 has exceptional comfort because of its lightweight, off the-face design. Soft Inner Face-Seal Ring: Increases wearer comfort and can be hygienically cleaned if used for longer than one shift. Effective filtration combined with low breathing resistance: The large surface area helps extend the life of the respirator whilst the 3M™ Advanced Electret Filter Media provides low breathing resistance. 3M™ Cool Flow™ Valve: Effective removal of heat build up provides a cooler and more comfortable wear, Removes exhaled air and minimises the risk of misting eyewear.

Sold Per: 1 box of 5 masks

3M
#9332+ FFP3 Valved

SKU: SP9332

Description: The 3M™ Aura™ Disposable Respirator 9332+ provides comfort and style without compromising performance. Protects against dusts and mists found in a wide variety of industrial applications and other work situations requiring FFP3 protection. Flat fold disposable P3 respirator offering reliable, effective protection against higher levels of fine dust, mists and metal fume. Low breathing resistance filter technology for easier breathing through your shift. Ingenious 3-panel design that accommodates greater facial movement during speech so much more comfortable to wear. A sculpted nose panel for improved compatibility with eyewear. An innovative chin tab for ease of donning and adjustment of the respirator on the face.

Sold Per: 1 box of 10 masks

3M #9914 FFP1 Valved

SKU: SP9914

Description: The 3M™ Speciality Disposable Respirator 9914 provides lightweight, effective, comfortable and hygienic respiratory protection against dust, mist and nuisance level organic vapour (below WEL). Robust Design: Conforms well to most face shapes and sizes, Maintains its shape well during use, Collapse-resistant. 3M™ Cool Flow™ Valve: The Cool Flow valve reduces heat build-up to offer workers comfortable protection - even in hot and humid conditions. Carbon Layer: Provides protection against nuisance level organic vapours (below TLV). 3M™ Cool Flow™ Valve: Effective removal of heat build up provides a cooler and more comfortable wear, Removes exhaled air and minimises the risk of misting eyewear. Colour Coded Straps: Easy to recognise performance level by colour coded straps - yellow: FFP1 (APF 4).

Sold Per: 1 box of 10 masks

3M #9922 FFP2 Valved

SKU: SP9922

Description: The 3M™ Speciality Disposable Respirator 9922 provides lightweight, effective, comfortable and hygienic respiratory protection against dust, mist, nuisance level organic vapour and ozone (below WEL). Robust Design: Conforms well to most face shapes and sizes, Maintains its shape well during use, Collapse-resistant. 3M™ Cool Flow™ Valve: The Cool Flow valve reduces heat build-up to offer workers comfortable protection - even in hot and humid conditions. Colour Coded Straps: Easy to recognise performance level by colour coded straps - blue: FFP2 (APF 10).

Sold Per: 1 box of 10 masks

3M #9925 Welding Fume FFP2 Valved

SKU: SP9925

Description: The 3M™ Welding Disposable Respirator 9925 provides lightweight, effective, comfortable and hygienic respiratory protection against dust, mist and metal fumes and resists clogging for use against welding fume. Provides protection against ozone and welding fumes, plus relief from nuisance odours. Robust Shell and Cup Design: Flame retardant outer surface minimises the effect of welding spatter, conforms well to most face shapes and sizes, collapse-resistant. Specifically designed to offer respiratory protection in welding operations. Efficient particulate filter resists clogging for extended use against welding fume. Carbon layer: Provides protection against ozone gas and relief from nuisance level odours (below WEL). 4-Point Adjustable Headbands: Help provide comfort to face, head and neck.

Sold Per: 1 box of 10 masks

3M #9928 Welding Fume FFP2 Valved

SKU: SP8835

Description: The 3M™ Disposable Respirator 8835 has exceptional comfort because of its lightweight, off the-face design. Soft Inner Face-Seal Ring: Increases wearer comfort and can be hygienically cleaned if used for longer than one shift. Effective filtration combined with low breathing resistance: The large surface area helps extend the life of the respirator whilst the 3M™ Advanced Electret Filter Media provides low breathing resistance. 3M™ Cool Flow™ Valve: Effective removal of heat build up provides a cooler and more comfortable wear, Removes exhaled air and minimises the risk of misting eyewear.

Sold Per: 1 box of 10 masks

3M Reusable Respirators

3M Half Face Mask

SKU: SP6100 (S) | SP6200 (M) | SP6300 (L)

Description: The 3M™ Half Facepiece Reusable Respirator 6000 Series helps provide protection against particulates and a wide variety of gases and vapours when used with approved cartridges and filters. When properly fitted and used with approved 3M™ cartridges and filters, this respirator helps provide protection at concentrations up to 10 times the permissible Exposure Limit (PEL). The swept back design of the cartridges helps improve balance and visibility. Remarkably comfortable, soft, lightweight facepiece has easy-to-adjust head straps which allow for a customized fit to the user. Replaceable cartridges help reduce waste and costs over time. The 6000 Series is NIOSH approved for negative-pressure air purifying and positive-pressure dual airline applications. This half facepiece respirator may be used with 3M™ Cartridge 6000 Series; 3M™ Filters 2000, 2200, 7000 or 5000 Series; or 3M™ Dual Airline Systems against a variety of gases, vapours, and particulate hazards according to NIOSH approvals. Breathing hazardous particles, gases and vapours can be harmful to your health. The 3M™ Half Facepiece Reusable Respirator 6000 Series helps reduce exposure to many contaminants.

Sold Per: 1 unit

3M Half Face Mask

SKU: SP6502

Description: Stay productive and protected – this half mask respirator delivers comfort, durability and stability with a firm, lightly textured silicone faceseal and strong body construction. Silicone Faceseal - Provides comfort and stability with a soft but firm faceseal. Extended product life due to resilient silicone material. Keeps its shape in high-heat environments. Lightweight. Adjustable Head Harness Assembly - Optimum fit and comfort with three-size adjustable head cradle. Durable harness straps. 3M™ Bayonet Connection - Flexible bayonet system for connection to a wide range of 3M™ gas, vapour particulate filters. 3M™ Cool Flow™ Exhalation Valve - Enhanced comfort by reducing heat and moisture. Less exhalation resistance makes breathing easier. A re-usable half mask designed with tough and dirty work environments in mind. Stay productive and protected – the 6500 Series delivers comfort, durability and stability with a firm, lightly textured silicone faceseal and strong body construction.

Sold Per: 1 unit

3M Full Face Mask

SKU: SP6800

Description: The 3M™ Full Facepiece Reusable Respirator 6000 Series helps provide protection against certain airborne contaminants. Versatile—use with 3M particulate filters, gas/vapor cartridges and supplied air respirator systems. The 3M™ Cool Flow™ Valve helps make breathing easier. These features combine to make a comfortable, practical and economical solution. Recommended applications include assembly, chemical clean-up, chemical handling, chemical splash, chipping, chiseling, cleaning, furnace operations, grinding, laboratories, machining, masonry, painting, pouring/casting, sanding, sawing, and welding. Industries in which this facepiece are commonly used include agriculture, construction, general manufacturing, pharmaceuticals, and primary metals. NIOSH approved with 3M cartridges, filters or supplied air systems to help reduce breathing certain airborne contaminants. The 6000 Series facepiece also meets the impact requirements of the ANSI Z87.1-2003 standard, high impact level for face and eye protection. Breathing hazardous particles, gases and vapors can be harmful to your health. The 3M™ Full Facepiece Reusable Respirator 6000 Series helps reduce exposure to many contaminants. Enhanced comfort and visibility features make wearing the respirator noticeably more enjoyable.

Sold Per: 1 unit

3M Maintenance-Free Half Face Mask

SKU: SP4251

Description: Ready-to-use, maintenance-free half mask designed for effective and comfortable protection against organic vapour and particulate hazards found throughout industry. Low profile design for better peripheral vision. FFA1P2R D protects against organic vapours, up to 10 x Workplace Exposure Limit (WEL) or 1000 ppm whichever is lower and 10 x WEL for particulates. Exhalation valve centrally positioned for effective removal of heat and moisture. Adjustable head cradle and easy to fasten neck straps. Respirators can be used until damaged, particulate filters clog, gas filters become saturated or after one month.

Sold Per: 1 unit

3M #6054 Cartridges (K1)

SKU: SP6054

Description: Gas and Vapour cartridge with K1 filters protects against ammonia vapour hazards. Suitable for 3M™ 6000 and 3M™ 7000 Series Half and Full Face Masks. Bayonet fitting allows filters to be clicked into place for ease of fitting.

Sold Per: 1 pair

3M #6055 Cartridges (A2)

SKU: SP6055

Details: Suitable for 3M™ 6000 and 3M™ 7000 Series Half and Full Face Masks. Twin filter design offers good balance and an undisturbed field of vision. Gas and Vapour Cartridge 6055 protects against organic vapours.

Sold Per: 1 pair

3M #6055i Cartridges (A1)

SKU: SSP6055i

Description: The 3M 6055i Gas and Vapour Filter Cartridge with 3M™ Service Life Indicator 6055i offer the same A2 protection against organic gases and vapours (boiling point above 65° C) as the 3M™ Gas and Vapour Filters 6000 Series with the additional feature of the End of Service Life Indicator (ESLI). Gas & Vapour Service Life Filter 6055i contains a visual ESLI (end-of-service-life indicator) for certain organic vapours and exposure concentrations to help you determine when to change your filters. For use in concentrations of organic vapours.

Sold Per : 1 pair

3M**#6057 Cartridges (ABE1)****SKU:** SP6057

Description: Gas and Vapour Cartridge 6057 protects against inorganic vapours and acid gases, Organic vapours bp>65 degrees°C. Suitable for 3M™ 6000 and 3M™ 7000 Series Half and Full Face Masks. Bayonet-style for easy fitting. Twin filter design offers good balance and an undisturbed field of vision.

Sold Per: 1 pair

**3M****#6059 Cartridges (ABEK1)****SKU:** SSP6059

Description: Gas and Vapour Cartridge 6059 protects against Acid Gas, Inorganic Vapours, Organic Vapours (bp>65 degrees°C), Ammonia and derivatives. Suitable for 3M 6000 and 3M 7000 Series Half and Full Face Masks. Bayonet fitting. Allows filters to be clicked into place for ease of fitting.

Sold Per: 1 pair

**3M****#6075 Cartridges (A1 + FORMALDEHYDE)****SKU:** SP6075

Description: Gas and Vapour Cartridge 6075 protects against organic vapours & formaldehyde. Suitable for 3M™ 6000 and 3M™ 7000 Series Half and Full Face Masks. Bayonet fitting allows filters to be clicked into place for ease of fitting.

Sold Per: 1 pair

3M Particulate Filters

3M

#2138 P3 Particulate Filter

SKU: SP2138

Details: Particulate Filters 2138 protect against solids and liquid particles P3R, with extra protection against organic and acid gases, vapours under limit, as well as ozone up to 10 x TLV. Additionally against organic vapour and acid gases below OEL. Suitable for use with 3M™ 6000 Half Face and Full Face Masks. Bayonet fitting allows filters to be clicked into place for ease of fitting

Sold Per: 1 pair

3M

#5935 P3 Pre-Filters

SKU: SP5935

Details: These particulate filters protect against solids and liquid particles. Typical industrial applications for filters are: Pharmaceutical, powdered chemicals, construction, quarrying ceramics, refractory materials, foundries, agriculture, woodworking and food industry. Suitable for use with 3M™ 6000 Half Face and Full Face Masks. Bayonet fitting allows filters to be clicked into place for ease of fitting.

Sold Per: 1 pair

3M #5925 P2 Pre-Filters

SKU: SP5925

Details: Particulate Filter 5925 protects against solids and liquid particles. Typical industrial applications for filters are: Agriculture, Construction, Food Industry, Foundries, Pharmaceutical, Powdered chemicals, Quarrying ceramics, Refractory materials, Woodworking, Suitable for use with 3M™ 6000 and 3M™ 7000 Series Half Face and Full Face Masks, Bayonet fitting allows filters to be clicked into place for ease of fitting.

Sold Per: 1 pair

3M #6035 P3 Particulate Filters

SKU: SP6035

Details: Particulate Filter 6035 protects against solids and liquid particles P3R, supplied with plastic cage for rough applications. Suitable for use with 3M™ 6000 Series face masks.

Sold Per: 1 pair

3M #6038 Particulate Filters & Odour Protection

SKU: SP6038

Details: Particulate Filters 6038 protect against solids and liquid particles P3R, HF up to 10 x TLV additionally against organic vapour and acid gases below OEL in a stable plastic cage for rough applications. Gas and vapour protection type: Acid Gas, Hydrogen Fluoride, Hydrogen Fluoride Gas up to 30 ppm and relief from nuisance level, Organic Vapor, Ozone, organic vapours and acid gases below TLV, Solid and liquid particles– in solid plastic case for rough application. Suitable for use with 3M™ 6000 Series face masks.

Sold Per: 1 pair

3M Mask Accessories

3M #504 Respirator Cleaning Wipes

SKU: SP504

Description: The 3M™ Respirator Cleaning Wipes 504 clean and refresh elastomeric facepiece respirators, eliminating dirt and perspiration. For respirators worn by more than one person, these moist towelettes can be used between wearers for hygiene and sanitary protection. Each disposable towelette is sealed in its own protective wrapper for maximum freshness and moistness. The towelettes easily clean away lint and light dirt and contain no alcohol or harsh chemicals. Towelettes come 100 per box. Moist towelettes clean dirt and perspiration off facepiece respirators. Individually packaged and sealed to ensure uncompromised sanitary quality. Disposable, one-time-use for convenience and to prevent spread of germs.

Sold Per: 1 box of 100 wipes

3M #6000 Headstrap

SKU: SP6000

Description: Comfortable, soft and lightweight with easy-to-adjust headstrap.

Sold Per: 1 strap

3M #3500 Organic Vapour Monitors

SKU: SP3500

Description: The 3M™ Organic Vapor Monitor 3500 uses the proven scientific principle of diffusion, which is the gradual mixing of molecules of two or more substances. It has a single charcoal sorbent wafer for easy collection of organic vapors and can be used for most applications. It has an 18-month shelf life. Simple and convenient. No batteries, hoses or pumps to operate. Easy to use. Just clip the monitor to shirt lapel, collar, or pocket. Versatile. 3M monitors can also be used for area monitoring, if sufficient air flow exists. 3M provides reference information needed to use the monitors. Analysis options. 3M monitors can be analyzed in the lab of your choice or returned to a 3M contracted lab for analysis. **Confidence:** Our testing facilities are accredited by the American Industrial Hygiene Association. **Comfort:** 3M monitors are small and lightweight and will not interfere with employee activities.

Sold Per: 1 monitor

3M #501 Retainer Clips

SKU: SP501

Description: The 3M 501 Retainer clip, Respiratory Protection System Component holds 3M™ Particulate Filters in place on top of 3M™ Respirators Cartridges.

Sold Per: 1 pair

Autodarkening Helmets

3M

#100V Speedglas

SKU: SP100V

Description: The 3M™ Speedglas™ SL Welding Shield is 25% lighter than any other Speedglas model. Designed specifically for quick welding tasks, a motion sensor automatically turns ON the welding filter when you pick up the shield. Appropriate for most arc welding processes – such as MMA, MIG/MAG, TIG and plasma welding. The Speedglas SL welding shield is made from a strong lightweight material, which provides excellent protection. Unlike other materials that can absorb moisture and become heavy, the Speedglas SL shield is non-absorbent, so it retains its performance in high humidity. The highly-affordable Speedglas 100 welding helmet has excellent optical quality, reliable light to dark switching and can be used with most arc welding.

Sold Per: 1 unit

3M

Speedglas Welding Helmet 9100 with ADF 9100V

SKU: SP9100V

Description: The Speedglas 9100V, dark shades 5, 8 13, sensitivity adjustment allows use with all Stick, MIG and TIG processes, also has grinding and torch cutting modes. All new headgear makes this helmet extremely comfortable and versatile. Viewing area 6.05. Has a 1.8 x 3.7 in. viewing area. The ADF battery life is 2800 hours. Filter Type: Auto-darkening. Headgear type: Welding Helmet.

Sold Per: 1 unit

3M

Speedglas Welding Helmet 9100 FX Air, with filter 9100V and 3M™ Adflo™ PAPR

SKU: SP9100FXADF

Description: Includes a 17 x 10 cm clear visor for weld preparations. A flip-up combination of an auto darkening welding shield and a high impact protective visor. Factory calibrated Air Filter Unit with automatic airflow control circuitry and low flow alarm. NiMH Battery Pack with Smart Charger. Speedglas welding filter 9100V: variable dark shade 5, 8, 9-13 for most types of arc welding.

Sold Per: 1 unit

3M

Speedglas™ Welding Helmet 9100 Air with 3M™ Adflo™ PAPR

SKU: SP9100VADF

Description: Speedglas welding helmet with 9100V (45x93 mm) welding filter and Adflo powered air respirator. Variable shade 5, 8, 9-13. Possible to lock-in any shade, e.g. in the light state 3 when grinding. Delay function to set the dark-to-light opening time. Features: Eye & Face protection, Powered Air and Respiratory protection. Comes with 3 sensors and a side window. Used for Grinding, MIG/Mag, Plasma, Tack and Tig Welding.

Sold Per: 1 unit

Optrel

Vegaview 2.5

SKU: SPH1006600

Description: World record ADF with shade level 2.5 / 8-12. With its unrivaled brightest ADF view with shade level 2.5, Vegaview 2.5 improves the visibility of welders' environment by 400%. Thanks to a special UV/IR filter, the Vegaview 2.5 offers a real colour experience never seen before and finally brings colour into the world of welding. Weighting only 482 g, the Vegaview 2.5 is one of the lightest auto-darkening welding helmets available. Its ergonomic design minimizes strain on the head and neck, ensuring comfort throughout the work day. The Vegaview 2.5 is perfectly combined with the Optrel E3000 PAPR respiratory system. With its integrated high-performance particle filter (TH3), welders are adequately protected against smoke, aerosols, and dust.

Sold Per: 1 unit

Optrel

Crystal 2.0

SKU: SPH1006900

Description: With light transmission of 31% in bright condition (protection level 2) welders have for the first time a practically unclouded and clear view of their working environment. This in combination with the almost perfect colour spectrum of the CLT 2.0 for the first time allows welders to see what is really going on in the weld pool, and with a clarity that equates to insights into a new dimension. Welders describe this as an enlightenment.

Sold Per: 1 unit

Versaflo TR-315+ Turbo Unit Pack Out

SKU: SPTR315

Description: The 3M Versaflo (TR-315) powered respirator kit contains all the essentials to get you up and running with your first powered respirator (except for the hood). The Versaflo TR-315 is a lightweight design which is very well balanced for comfort all day long - especially in hot weather. The TR-315 includes both audible and visual alarms in case of low battery and/or low air flow making it one of the safest and reliable powered dust masks on the market. A variety of Versaflo headtops can be used. The Versaflo TR-300+ powered air system combines performance, protection and functionality with modern, stylish, lightweight design and unrivalled comfort. The powered Air Starter Kit TR-315 contains: TR-302E+ Turbo Unit | Particle Filter | Pre-Filter | Spark Arrestors | Standard Belt | High Capacity Battery | Battery Charger Kit | Length Adjusting Breathing Tube.

Sold Per: 1 unit

3M

Versaflo Powered Air Turbo Starter Kit TR-619E

SKU: SPTR619

Description: The 3M™ Versaflo™ Powered Air Turbo Starter Kit TR-619E includes the TR-602E Turbo, A2P filter, filter cover, prefilters (x10), spark arrestor (x2), easy clean belt, high capacity battery, single station battery charger kit, BT-30 length adjusting breathing tube and airflow indicator. Approved to EN 12941 Class TH2 or TH3 dependent on headtop. Has three user selectable flow rates to maximise comfort. Battery type is Lithium-Ion. Filter type is A2P.

Sold Per: 1 unit

3M

Jupiter Powered Air Turbo

SKU: SPJUPITER

Description: The 3M™ Jupiter™ Powered Air Turbo is a comfortable, easy-to-use unit that provides protection against particulates, gases or vapours, or against a combination of these depending on the types of filter used. An integrated acoustic and visual alarm indicates if airflow to the headtop is reduced or battery charge runs low. The Jupiter Powered Air Turbo is also available with an optional Intrinsically Safe (IS) kit. Ease of use- Electronic audible and visual alarm in case of low battery and/or low air flow. Comfort- Modern, ergonomic design. High comfort decontamination belt. Multiple Applications- IP53 rating. Suitable for shower decontamination. "Intrinsically Safe" (IS) Kit is available for use in potentially explosive atmospheres. The IS kit includes a pouch and an Intrinsically Safe battery which makes Jupiter turbo Ingress Protection IP63 rated when fitted. Safety- Approved to EN 12941 class TH2 or TH3 dependent on headtop.

Sold Per: 1 unit

3M**Versaflo Helmet with Shroud M-307****SKU:** SP307

Description: The 3M™ Versaflo™ M-307 Helmet offers respiratory, eye (EN166 Medium Impact) and face protection as well as head protection (EN397), essential for areas where hard hats are mandatory. M-307 features a flame resistant faceseal for applications with hot particles. Modern, well balanced Head top. Highly versatile - Integrated protection from a range of respiratory, head, eye, face and hearing hazards. Comfortable, lightweight, with excellent balance. Self-adjustable suspension that includes textile straps for optimal fit and weight distribution. A deflector allows users to direct the airflow inside the head top for increased control and comfort.

Sold Per: 1 unit**3M****Versaflo Helmet with Shroud M-407****SKU:** SP407

Description: The 3M™ Versaflo™ Helmet with Shroud M-407 features a shroud in flame resistant Nomex® for applications with sparks and hot particles. Modern, easy to use and maintain Type 1 Industrial Safety Helmet with Neck and shoulder shroud. Visor design combines excellent peripheral and downward vision with good optical clarity. Lightweight with exceptional balance and wearer comfort. Respiratory with integrated high impact eye and head protection with neck and shoulder coverage. A deflector allows users to direct the airflow inside the headtop for increased control and comfort. Coated visor provides added chemical and scratch resistance. Accessories include ear-muffs, peel-off visor covers, comfort band and chin strap. Fully-adjustable suspension that includes textile straps for optimal fit and weight distribution.

Sold Per: 1 unit**3M****High Durability Hood with Integrated Head Suspension, S-533L****SKU:** SPS533L

Description: The 3M™ Versaflo™ S-Series High Durability Hood S-533 with Integrated Head Suspension and face seal is similar to the S-433 but with a more durable, soft, quiet, low-linting fabric that more readily drapes comfortably over the wearer. Soft, durable, low linting fabric. Head, Face, Neck and Shoulder coverage. No assembly required. Visor has a wide field of view, with reduced curvature for decreased reflections and glare. Provides excellent airflow distribution for improved comfort, lower noise and reduced fogging. Easy Disposal - components can be separated. Ready to use out of the box.

Sold Per: 1 unit**3M****Hood with Integrated Head Suspension, S-433L****SKU:** SPS433L

Description: : The 3M™ Versaflo™ S-Series Hood S-433 with Integrated Head Suspension and Face Seal offers head, face, neck and shoulder coverage, as well as providing eye and face protection to EN166 - liquid splash and low energy impact. General purpose, cost effective fabric. Head, Face Neck and Shoulder Coverage. No assembly required. Visor has a wide field of view, with reduced curvature for decreased reflections and glare. Provides excellent airflow distribution for improved comfort, lower noise and reduced fogging. Easy Disposal - components can be separated. Ready to use out of the box.

Sold Per: 1 unit

3M Supplied Air Respirator System S-200+

SKU: SPS200

Description: The 3M™ Supplied Air Respirator System S-200+ is a comfortable and versatile supplied air respirator system for use with a wide range of 3M™ Half and Full Face Reusable Masks. The S-200+ System can be used as a standard airline respirator system or in dual-mode with filter back-up when air supply is disconnected. Engineered to deliver additional comfort and security, the S-200+ features double action safety couplings to help minimise the risk of accidental disconnection during use and an adjustable airflow feature so you can control the air across your face for maximum comfort. ATEX Tested- Assessed in accordance with the requirements of the ATEX directive and in accordance with EN13463-1 for nonelectrical equipment*. Suitable for use in IIB 2GD environments under certain conditions. *Valid only when fitted with a 3M™ 308-00-72P Antistatic Compressed Air Supply Tube. Quick and Easy Maintenance- Easy to maintain, spare parts are quick, easy and intuitive to replace. Cool and Comfortable- Lightweight and balanced system with a constant flow of air across the face for a cooler and more comfortable wear. Adjustable Airflow- Lockable airflow adjustment knob giving you full control of a range of input pressure.

Sold Per: 1 unit

**3M****Aircare Filtration Units**

SKU: SP1501640

Description: 3M™ Aircare™ Filtration Units can be combined with all 3M™ Supplied Air Respirator Systems. The three-stage filtration system supplies highest quality air to the Supplied Air Respirator System and compressed air tools by removing water and oil aerosols, particles and odours from the facility supplied compressed air. Three-stage filtration system supplies highest quality air to the supplied air respirator System and compressed air tools. Aircare Filtration unit can be combined with all 3M™ Supplied Air Respiratory Systems. Filtration Unit available as either a portable free-standing unit or wall-mounted unit.

Sold Per: 1 unit

3M

Roll-Down Earplugs

SKU: SP1100EP (UNCORDED) SP1110 (CORDED)

Description: Made from soft hypoallergenic PU foam material to provide maximum comfort and low pressure inside the ear. Soft foam earplugs that conform to the unique shape of each ear. Noise Reduction Rating (NRR)*: 29 dB. CSA Class AL.

Recommended Application: Assembly, Blasting, Cleaning, Demolition, Electrical, Facility Maintenance, Grinding, Machine Operations, Painting, Sanding, Welding.

Sold Per: 1 case of 200 uncorded & 100 corded earplugs

3M

E-A-R Soft Yellow Neon Earplugs

SKU: SP1250EP (CORDED) SP1250UNC (UNCORDED)

Description: 3M E-A-R soft Yellow Neon earplugs seal the ear canal with soft, slow-recovery foam for excellent noise reduction and comfort. The tapered earplugs are easy to roll down and insert, then expand within the ear canal for a comfortable, secure fit. These earplugs have a Noise Reduction Rating (NRR) of 33 dB.

Recommended Application: Assembly, mechanical, chipping, chiselling, cleaning, drilling, furnace operations, grinding, heavy equipment operations, machining, metal repair, painting, pouring/casting, power fastening, riveting, sanding, sawing and welding.

Sold Per: 1 case of 200 earplugs

3M

E-A-R Ultra Fit Corded Earplugs

SKU: SP3404004

Description: The 3M E-A-R Ultra Fit corded earplugs features a proprietary, premolded, triple-flange design that fits comfortably in most ear canals. The soft polymer earplugs are washable and reusable, so they don't need to be replaced as often, reducing waste and lowering costs. These soft polymer earplugs have a Noise Reduction Rating (NRR) of 25 dB.

Recommended Applications: Assembly, mechanical, chipping, chiselling, cleaning, drilling, furnace operations, grinding, heavy equipment operations, machining, metal repair, painting, pouring/casting, power fastening, riveting, sanding, sawing and welding, general manufacturing, mining, oil and gas, and transportation.

Sold Per: 1 case of 100 earplugs

3M

E-A-R Soft Yellow Neon Earplug Refill

SKU: SPNEONBTL

Description: 3M™ E-A-R soft™ Yellow Neon™ earplugs in a refill container for One Touch™ dispensing. Yellow Neon™ earplugs seal the ear canal with soft, slow-recovery foam for excellent noise reduction and comfort. These uncorded foam earplugs feature soft, slow-recovery foam for comfort and outstanding noise reduction. Earplugs are easy to roll down and insert, then expand within the ear canal for a comfortable, secure fit. - Refill container for One Touch™ dispenser. One gentle turn delivers uncorded foam earplugs. - No packaging waste with each pair - Noise Reduction Rating (NRR)*: 33 dB. CSA Class AL - Test compatible with 3M™ E-A-Rfit™ Validation System *The NRR may overestimate the hearing protection provided during typical use. 3M recommends reducing the NRR by 50% for estimating the amount of noise reduction provided.

Sold Per: 1 bottle

Honeywell

Bilson Uncorded Foam Earplugs

SKU: SPH1005073 | SPH1006186

Description: New yellow and white Leight Stripe delivers high degree of comfort and visibility when worn. Patented polyurethane foam expands gently in the ear canal, reduces tendency to back out of the ear canal. smooth, soil-resistant foam skin Prevents dirt or other substances from accumulating on skin or entering ear canal which promotes proper hygiene. Tapered bullet-shape design easier to roll-down and insert, adapts more evenly to shape of the ear canal. Ideal for medium/high noise environments.

Recommended Applications: Chemical, Construction, Government, Law Enforcement, Manufacturing, Medical, Municipal Services, Pharmaceutical, Transportation

Sold Per: 1 pack of 200 earplugs

Honeywell

Bilson Corded Foam Earplugs

SKU: SPH1000106

Description: New yellow and white Leight Stripe delivers high degree of comfort and visibility when worn. Patented polyurethane foam expands gently in the ear canal, reduces tendency to back out of the ear canal. smooth, soil-resistant foam skin Prevents dirt or other substances from accumulating on skin or entering ear canal which promotes proper hygiene. Tapered bullet-shape design easier to roll-down and insert, adapts more evenly to shape of the ear canal. Ideal for medium/high noise environments.

Recommended Applications: Chemical, Construction, Government, Law Enforcement, Manufacturing, Medical, Municipal Services, Pharmaceutical, Transportation.

Sold Per: 1 box of 100 earplugs

Honeywell

Laser Lite Uncorded Foam Earplugs

SKU: SPH3301105 | SPH11013047 | SPH3301271

Description: Vibrant colours make protection visible. Self-adjusting polyurethane foam expands to fit virtually every wearer. Contoured T-shape for easy insertion and wear. Smooth, soil-resistant closed cell-foam skin prevents dirt build-up. Bulk refills for Leight Source 400 and Leight Source 500 Earplug Dispensers save time, waste and space.

Recommended Applications: Agriculture, Chemical, Construction, Fire Protection, Forestry, Government, Law Enforcement, Manufacturing, Medical, Military, Mining, Municipal Services, Oil and Gas, Pharmaceutical, Steel and Metals, Transportation, Utilities, Welding

Sold Per: 1 pack of 200 earplugs or box of 500 earplugs

Honeywell

Laser Lite Corded Foam Earplugs

SKU: SPH3301106

Description: Vibrant colours make protection visible. Self-adjusting polyurethane foam expands to fit virtually every wearer. Contoured T-shape for easy insertion and wear. Smooth, soil-resistant closed cell-foam skin prevents dirt build-up. Bulk refills for Leight Source 400 and Leight Source 500 Earplug Dispensers save time, waste and space.

Recommended Applications: Agriculture, Chemical, Construction, Fire Protection, Forestry, Government, Law Enforcement, Manufacturing, Medical, Military, Mining, Municipal Services, Oil and Gas, Pharmaceutical, Steel and Metals, Transportation, Utilities, Welding.

Sold Per: 1 case of 100 earplugs

Honeywell Smartfit Triple Flanged Earplugs

SKU: SP1028476

Description: Conforming Material Technology Thermoplastic Elastomer (TPE) adapts plug to the contours of the ear canal for a more personalized fit, feels better the longer you wear it. Flat Fin Seal creates better seal, more comfortable inside the ear canal. Flanged Handle for easy handling. Detachable Cord allowed for corded or uncorded wear choice. Smartfit uses body heat to adapt to the shape of the ear canal.

Recommended Applications: Industry, Administration, Agriculture, Army – Defence, ATEX environment, Automotive and Part Manufacturer, Aviation, Building and Construction, Catering, Chemical Industries, Energy or Electricity, Fire Protection brigades, Fishing, Food Industries, Foundry, Glass Industries, Green Spaces, Homeland defence, Industrial Cleaning, Iron and steel industry, Laboratory, Logistics, Maintenance, Medical and Pharmaceutical, Metal steel, Mining and Quarrying, Offshore, Paper Industries, Petro-chemical, Printing Industries, Services, Ship Building, Telecoms, Textile Industries, Transportation, Utilities, Water treatment, Welding, Wood Industries.

Sold Per: 1 Box of 100 earplugs

3M Earplug Dispenser

SKU: SPEARDISP

Description: Dispenser for dispensing uncorded earplugs.

Sold Per: 1 dispenser

Howard Leight by Honeywell QB3 Banded Earplugs

SKU: SPQB3

Description: SEMI-AURAL protection, smooth, ergonomic ear pods fit rest outside of the opening of the ear canal for reliable banded protection. Patented band design prevents ear pods from touching dirty or contaminated surfaces when set down. Lightweight and portable. Designed especially for environments with intermittent noise hazards.

Sold Per: 1 unit

Howard Leight by Honeywell QB2 Banded Earplugs

SKU: SPQB2

Description: The patented band of these hearing protectors is specially designed to keep the ear pads from coming in contact with dirty or contaminated surfaces when hearing protection is not being worn. The soft foam ear pads fit easily inside the ear canal opening to provide comfortable supra-aural protection. One pair replacement pads included.

Sold Per: 1 unit

Howard Leight by Honeywell Leight Source 400 Earplug Dispenser

SKU: SPN1013040

Description: Dispenser for dispensing uncorded earplugs.

Sold Per: 1 dispenser

3M
H10A Earmuff

SKU: SPH10AMUFF

Description: The 3M Peltor Optime 105 Over-the-Head Earmuff has been developed for effective hearing protection in the most demanding noise environments where noise exposures are expected to reach as high as 105 dBA. The Optime 105 over-the-head earmuff features added mass and volume, plus a unique "double-shell" earcup design (two cups connected via foam inner layer) to boost the noise reduction throughout the full range of low and high frequencies. The durable stainless steel headband resists bending and warping and distributes weight for a low-pressure fit. The lightweight headband works in conjunction with earcup pivot points that tilt to maximize wearer comfort. Soft, liquid & foam filled cushions help the earmuffs fit comfortably against the head to help provide an effective noise-blocking seal. Noise Reduction Rating (NRR) of 30 dB*, highest available in over-the-head style earmuffs.

Sold Per: 1 unit

3M
H10PE3 Cap Mount Earmuffs

SKU: SPH10P3E

Description: For noise levels up to 105 dBA. These cap earmuffs are attached with double-shell technology to provide effective hearing protection. Proprietary Twin-Cup(TM) design has soft, foam-filled earmuffs. Easy cap-mount design. Earcup pivot points that tilt for optimum comfort and efficiency. Liquid/-foam filled earmuff cushions. Color-coding to help match attenuation needs. Noise Reduction Rating (NRR)*: 27 dB. CSA Class AL.

Sold Per: 1 unit

3M
H9A Optime Banded Earmuff

SKU: SPH9AMUFF

Description: A versatile, over-the-head earmuffs featuring a stainless steel headband for consistent force and effective hearing protection For noise levels up to 98 dBA. Stainless steel construction resists bending and warping. Earcup pivot points tilt for optimum comfort and efficiency. Ultra light with liquid/foam filled earmuff cushions. Color-coding for compliance sighting. Noise Reduction Rating (NRR)*: 25 dB. CSA Class A.

Sold Per: 1 unit

3M
H505 Welding Earmuffs

SKU: SPH505B

Description: The 3M™ Peltor™ Welding Helmet Earmuff H505B features a low-profile design that fits comfortably under most welding helmets, as well as a semi-soft cup surface that minimizes scratch sound transmission. With a two-point suspension for balanced pressure distribution, this advanced earmuff delivers the comfortable protection that professionals need in a wide range of welding environments. The H505B earmuff helps reduce exposure to the loud noises associated with welding, cutting or grinding. Its slim design allows it to fit under most welding helmets, particularly 3M Speedglass.

Sold Per: 1 unit

3M Optime Push to Listen Earmuffs

SKU: SPXSFEARMUFF

Description: The 3M Peltor Optime Push To Listen (PTL) Ear Muffs are fitted with a simple sound reproduction facility to enable better speech intelligibility when used in a noisy background. By simply pressing a button located on the outside of the cup, the product allows you to listen to important speech conversation against a noisy background. This feature helps facilitate the need for communication without having to remove the ear muffs from the ears. The electronic sound reproduction function is built into one cup only. Simply push the button to listen, opening up the ear muffs for communication. The electronic function can last up to 30 seconds from time of activation, but can be de-activated at any time during the 30 second period.

Sold Per: 1 unit

3M H10 & H9 Hygiene Kits

SKU: SPHY10KIT | SPHY9KIT

Description: Extend the life of earmuffs with 1 pair of replacement cushions and 1 pair of dampers.

Sold Per: 1 unit

3M H9P3 Cap Mount Earmuff

SKU: SPH9P3MUFF

Description: 3M™ Peltor™ Optime™ 98 cap-mount earmuffs feature a universal mounting attachment that fits most hard hats. A versatile, cap-mount earmuff. For noise levels up to 98 dBA. (bul) Universal mounting attachment fits most hard hats (bul) Earcup pivot points tilt for optimum comfort and efficiency. (bul) Ultra light with liquid/foam filled earmuff cushions. (bul) Color-coding for compliance sighting. (bul) Noise Reduction Rating (NRR)*: 23 dB. CSA Class A.

Sold Per: 1 unit

Impact Sport Earmuff

SKU: SPH1034490

Description: Impact Sport blocks impact noise from gun shots and heavy impact noise machines. It's patented sound amplification enhances the wearer's awareness of their environment by amplifying ambient sounds, allowing them to hear important communication. Sound amplification volume does not exceed 82 dB – response technology revert to passive hearing protector when noise reaches 82 dB. Directionally placed stereo microphones provide more natural hearing. Ideal for hearing-impaired workers. Bilsom's patented Air Flow Control technology delivers optimal attenuation across all frequencies, without increasing earcup size or weight. A patented baseplate chamber and high-tech non-woven layer manage the flow of air inside the earmuff to control how sound reaches the ear. The result is better, more consistent overall attenuation for virtually all industrial noise environments. Air Flow Control is a standard feature on all Impact series earmuffs. Make replacement quick and easy.

Colours: Black, Camouflage, Pink & Green.

Sold Per: 1 unit

Honeywell QM24+ Earmuff

SKU: SPH3302152

Description: : Ultra lightweight design, Multiple-position headband allows wearer to select position over the head, behind the head or under the chin, Alternative to cap-mounted earmuffs – wear with hard hats, face shields, respirators and other PPE. Dielectric construction suitable for electrical environments.

Sold Per: 1 unit

3M™ PELTOR™ LiteCom Pro II Headset Atex Approved, Neckband, 2-Way Radio

SKU: SP7H7B4010

Description:

An intrinsically safe communication headset with high attenuation hearing protection and short-range built-in communication radio. The communication radio is designed for either stand alone or integration into industrial or other professional communication systems.

Sold Per: 1 unit

3M™ PELTOR™ LiteCom Pro II Headset Atex Approved, Helmet Mounted, 2-Way Radio

SKU: SP7H7P3E

Description:

An intrinsically safe communication headset with high attenuation hearing protection and short-range built-in communication radio. The communication radio is designed for either stand alone or integration into industrial or other professional communication systems.

Sold Per: 1 unit

3M™ PELTOR™ IS External PTT Connects to Socket in Base of Headset

SKU: SP560250

Description:

Connect to a 3M™ PELTOR™ Intrinsically Safe approved headset. It is the communication solution for most environments, where there is danger of explosion. PELTOR's FL5000 PTT adapter series offers the optimum adaptation of PELTOR headsets to most communication radios on the market.

Sold Per: 1 unit

3M™ PELTOR™ SportTac™ Hearing Protector 26DB Foldable Green Cuos

SKU: SP16H210F

Description:

The 3M™ PELTOR™ SportTac™ is an intelligent active hearing protector especially developed for hunters and shooters. The smooth adjustment of the hearing protector's level dependent function gives the user particularly pleasant sound reproduction and less interference. The electronics respond at lightning speed and protect the user's hearing from loud impulse noises.

Sold Per: 1 unit

3M™ PELTOR™ ProTac Active Listening Headset Neckband, No Jack

SKU: SP7H7B4010

Description:

3M™ Peltor™ Tactical™ products are invaluable tools for people who are subjected to impulse noises. The active-volume function lets you hear ambient noises, such as conversations, machine sounds, warning signals etc. Soft sounds are amplified, so you hear them even better than you would without hearing protectors.

Sold Per: 1 unit

3M™ Peltor™ ORA TAC In-Ear Tactical Communications Headset ORA-BASE

SKU: SP7H7P3E

Description:

The 3M™ Peltor™ ORA TAC dual-sided in-ear tactical communications headset provides clear communication with tactical features when attached to a 2-way radio. It provides protection from high noise in a variety of environments and provides protection from impulse noises when they occur.

Sold Per: 1 unit

Honeywell
Dexigrip Glove

SKU: SPH2094140

Features: Handling of abrasive objects in a damp and non-greasy environment.

Benefits: Excellent non-slip qualities.

Sold Per: 1 pair

Honeywell
Polytril Mix Glove

SKU: SPH2232233

Features: The gloves combine mechanical resistance and dexterity. Excellent impermeable properties to oils. Mechanical assembly and subcontracting (automotive industry). Construction and public works.

Benefits: Fine handling in a dry, greasy, damp and dirty environment.

Sold Per: 1 pair

Honeywell
Flexinite Grip Glove

SKU: SPHGLO300

Details: Flexinite Grip. Black nitrile coating on seamless polyamide liner. Ideal in dry and light oil environments. Excellent abrasion and dexterity. Breathable and launderable.

Sold Per: 1 pair

Honeywell
Dexpure 800-91 Glove

SKU: SPH4580091

Features: AQL 1.5 and food handling certified: guarantees a high level of quality and contact with foodstuffs (non-damaging to health. Glove components do not migrate towards food). Ref. 537 et 758: applies to those allergic to Latex. Very fine touch. Available in sizes S – XL.

Benefits: Protection of hands and objects. Single use gloves.

Sold Per: Box of 100

Honeywell
Sharplex Latex Glove

SKU: SPH22232525

Features: Lightweight thermal protection (100°C) thanks to Kevlar®. Excellent fit and high dexterity. The para-aramid yarn assures resistance to heat and cut risks.

Benefits: Nitrile coating provides good protection against oil and grease. The foam coating makes the glove more flexible than standard nitrile.

Sold Per: 1 pair

Honeywell
Polytril Flex Gloves

SKU: SPH2332663

Features: The gloves combine mechanical resistance and dexterity. Excellent impermeable properties to oils. Mechanical assembly and subcontracting (automotive industry). Construction and public works.

Benefits: Fine handling in a dry, greasy, damp and dirty environment.

Sold Per: 1 pair

Honeywell

Green Welding Glove

SKU: SPH2000042

Features: Highest quality leather and stitching for an extended lifespan.

Benefits: Welding and heavy handling.

Sold Per: 1 pair

Honeywell

Blue Welding Glove

SKU: SPH2000044

Features: Highest quality leather and stitching for an extended lifespan.

Benefits: Great for welding and heavy handling.

Sold Per: 1 pair

Honeywell

Migfit Glove

SKU: SPH2058691

Features: Highest quality leather and stitching for an extended lifespan.

Benefits: Welding and heavy handling.

Sold Per: 1 pair

Honeywell

Chainex Glove with Textile Strap

SKU: SPH25002R0302

Features: Exceptional quality of the Chainex chainmesh. Extra smooth textile straps, Reversible model.

Benefits: The gloves adapt to all morphologies and guarantee comfort and ergonomics, Easy to use.

Sold Per: 1 pair

Honeywell

Electrosoft Range | Class 00 - Class 4

SKU: SPH2091903

Features: Available in beige or red with a rolled or cut edge. The natural Latex base offers excellent dielectric characteristics. An ergonomic design increases comfort by providing additional softness.

Used With: Leather protectors for mechanical protection.

Sold Per: 1 pair

Honeywell

Aracut Sleeves II

SKU: SPH4150055

Features: The double thickness improves the cuff's mechanical and thermal performances. The knitting technique helps to obtain a cuff close to the hand, with good dexterity. The glove offers maximum comfort and added sturdiness. The reinforced thumb gives the cuff better support.

Benefits: Handling sharp and/or hot objects. Good cutting resistance and protection against thermal hazards (contact with heat).

Sold Per: 1 pair

DBI-SALA®

Work Positioning Lanyard – Trigger

SKU: SPL1200313

Product Highlights:

Trigger™ adjustment device, 11 mm Kernmantle rope material, Snap hook connecting hook, Twist lock double action carabiner connection to Trigger™ device, Rope protection sleeve

Specifications:

Size: Adjustable to 2.00m
Anchor Connector Hook Type: Snap Hook
Harness Connector Hook Type: Twist Lock Carabiner
Number Of legs: Single-Leg
General Lanyard: Rope
Physical Weight: 0.74 kg
Standards: CE, EN358

Sold Per: 1 unit

DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines

SKU: SPSRL3400805 (9m) | SPSRL3400956 (15m) |
SPSRL3400881 (25m) | SPSRL3400986 (40m)

Product Highlights:

Pivoting Anchorage Loop, Sealed Design, Aluminum Housing, 2 267Kg Rated handle, Impact Indicator, Tripod / Davit Arm Bracket Option, Retrieval Winch (optional), 5mm Diameter Rope, 1633kg Gate, RSQ Options, FAST-Line Lifeline Assembly.

Specifications:

Standards: CE, EN360, EN1496 cIB

Sold Per: 1 unit

Rebel™ Self-Retracting Lifelines

SKU: SPSRL3590521 (10m) | SPSRL3590570 (15m) |
SPSRL3590610 (20m)

Product Highlights:

Anchor Swivel, Choice of housing (thermoplastic or aluminium), Side cable exit, 140kg Capacity, Galvanized or Stainless Steel 5mm Cable, Ergonomic Carrying Handle, Ergonomic Cable Bumper.

Specifications:

Standards: CE, EN360

Sold Per: 1 unit

DBI-SALA® Nano-Lok™ Self-Retracting Lifeline - Single Leg

SKU: SKU: SPNAN3101208

Product Highlights:

Single leg harness connector, Swivelling anchorage loop, Impact-resistant housing, Compatible with a shoulder or foot connection, 2m Retractable lifeline, 1630kg Gate, 100% Tie-off configuration.

Specifications:

Lifeline: Dyneema webbing,
Physical Weight: 1,18 kg,
Standards: CE, EN360

Sold Per: 1 unit

DBI-SALA® Nano-Lok™ Self-Retracting Lifeline - Twin Leg

SKU: SPNAN3101298

Product Highlights:

Twin leg harness connector, Swivelling anchorage loop, Impact-resistant housing, Compatible with a shoulder or foot connection, 2m Retractable lifeline, 1630kg Gate, 100% Tie-off configuration.

Specifications:

Lifeline: Dyneema webbing,
Physical Weight: 2,39 kg,
Standards: CE, EN360

Sold Per: 1 unit

DBI-SALA® Nano-Lok™ Edge Self-Retracting Lifeline

SKU: SPNAN3500244

Product Highlights:

Designed for foot-level tie-off and sharp edge applications, Built-in connector for twin-leg SRL direct attachment to harness, 2.5m lifeline with 5 mm Galvanized Cable lifeline, Extremely compact, lightweight design, Tough and impact resistant thermoplastic housing, Swivelling anchorage loop, Quick activating speed sensing brake systems, Integrated backpack style energy absorber, Aluminium rebar hook (57mm opening) at end of lifeline.

Specifications:

Physical Weight: 1,81 kg
Weight Capacity: 141 kg
Standards: CE, EN:2002 & standard requirements of VG11.60 Rev 7

Sold Per: 1 unit

DBI-SALA® Nano-Lok™ Edge Twin-Leg Tie-Back Quick Connect Self Retracting Lifeline

SKU: SPNAN3500244

Product Highlights:

Designed for foot-level tie-off and sharp edge applications, Built-in connector for twin-leg SRL direct attachment to harness, 2.5m lifeline with 5 mm Galvanized Cable lifeline, Extremely compact, lightweight design, Tough and impact resistant thermoplastic housing, Swivelling anchorage loop, Quick activating speed sensing brake systems, Integrated backpack style energy absorber, Aluminium rebar hook (57mm opening) at end of lifeline.

Specifications:

Physical Weight: 1,81 kg
Weight Capacity: 141 kg
Standards: CE, EN:2002 & standard requirements of VG11.60 Rev 7

Sold Per: 1 unit

Rollgliss™ R550

Rescue and Descent Device with Rescue Hub

SKU: SPRS3329050

Product Highlights:

Emergency rescue and evacuation from a wide variety of elevated work areas. Fully automatic controlled descent, Bidirectional design enables multiple rescues, Built-in rescue lifting handle.

Specifications:

Capacity: 1 Person = 60-141 kg, 2 Person = 60-282 kg
Travel Length: 10m - 130m
i-Safe Equipped: Yes
Physical Weight: 4,02 kg
Standards: CE EN 341 cl A

Sold Per: 1 set

Rollgliss™ R250

Pole Rescue Kit

SKU: SPRSAG62501030

Product Highlights:

Allows assisted rescue of worker after a fall, Extension pole adjusts from 1.2-5.0 m, kernmantle rope lifeline.

Specifications:

Capacity: 150 kg
Travel Length: 30m
Physical Weight: 10,00 kg

Sold Per: 1 set

DBI-SALA® Advanced™

5-Piece Davit Hoist System

SKU: SPDAV8568000

Product Highlights:

Adjustable offset upper davit mast, Telescoping reach of 29.2 to 69.8 cm, Adjustable vertical height of 83.8 to 109.2 cm, Built-in primary and secondary pulleys, Quick mount winch SRL bracket,

Specifications:

Capacity: 204 kg
Install Type: Portable
Physical Weight: 37,7kg
Standards: CE EN 795 cl B

Sold Per : 1 set

DBI-SALA® Advanced™ UCT-1000 Aluminium Tripod

SKU: SPTRI8563159

Product Highlights:

Telescoping adjustable locking legs, Built-in pulley system - can accommodate up to three pulleys, Rubber safety shoes with spiked edges, Safety leg support chain, Integrated 2250 kg anchor points, Quick connect winch/SRL mount bracket, Order mechanical winch/SRL device(s) separately

Specifications:

Capacity: 204 kg
Physical Weight: 36,5kg
Standards: CE EN 795 cl B

Sold Per: 1 set

DBI-SALA® EZ-Line™ Temporary Lifeline

SKU: SPEZ7605061

Product Highlights:

Built-in winch, Customise length, Built-in pre-tension and impact indicators, Extremely lightweight

Specifications:

Lifeline Length: 18,25m
Lifeline Type: Horizontal
Max Number Of Users: Two
Physical Weight: 11,25 kg
Standards: CE, EN79 5, Class C

Sold Per: 1 unit

PROTECTA® Pro-line™ Temporary Lifeline Webbing

SKU: SPTEM1200107

Product Highlights:

No separate components, Incorporated carry bag, Built in shock absorber

Specifications:

Lifeline Length: 20m
Lifeline Type: Horizontal
Max Number Of Users: Two
Physical Weight: 3,50 kg
Standards: CE, EN795, Class C

Sold Per: 1 unit
